

Ku soo dhawaaw. Haddii aad tahay waalid mise mas’uul oo caruurtiisa dhigtaan dugsiyada Dowlada ee Des Moines, goor dhow canugaaga wuxuu keeni doonaa guriga waxa lagu cabirra horumarka waxbarashada ee loo yaqaano MAP ka oo u egg sida tan. Warbixinta waxaay tusineysaa horumarka canugaaga xagga xisaabta iyo akhrinta ee sanadkani. Si aan kuu tusino sida loo akhriyo sawirkan, waxaan sameeynay arday been ah oo algu magacaabo Alihandra Crooks.

### Mathematics

Ugu horeeyn aan eegno khariidada muqaalka ah ee tusineysa waxbarashada Alihandra.

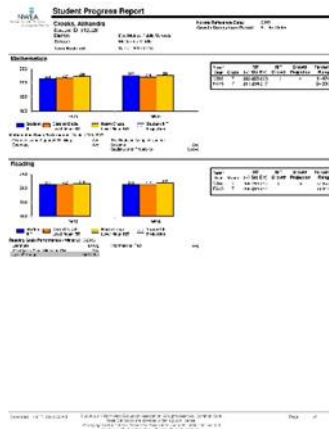

FA 15, micnaheedu waxaa weeye deeyrtii( fall) 2015. WI 16, waa xagaagii 2016(winter) diilanta baluuga ah ee bidix jirta waa natiijadii RIT ee Alihandra. Natiijadaa waxaay muujineysaa xirfadeeda waxbarasho, iyo awoodeeda. Diilanta dhexe waa natiijada dhexe ee dugsiya degmada . diilanta midigta ahna waa natiijada dhexe ee doowlada. Halkani wxaan aragnaa in aay Alihandra aay sara ugu kacday halkii aay joogtay deeyrtii misee (fall) waxaay joogtay 214 fall kii waxaayna gaartay 225 xagaagii(winter). Natiijada dhexe ee degmada iyo guud ahaan wadankaba sarra ayaay u kacday.

Xagga midigta, warbixintu waay xariirtaa, natiijada cusubna kor ayaay jirtaa.

| Term/<br>Year | Grade | RIT<br>(+/- Std Err) | RIT<br>Growth | Growth<br>Projection | Percentile<br>Range |
|---------------|-------|----------------------|---------------|----------------------|---------------------|
| WI16          | 7     | 222-225-228          | 11            | 4                    | 41-47-54            |
| FA15          | 7     | 211-214-217          |               |                      | 24-30-37            |

Halkaan waxaan aragnaa natiijadii Alihandra ee 214 iyo 225 oo la madoobeeyay ayada oo aay la xariiraan halka uga hooseeysa iyo ugu sareeysa. Sawirkan wuxuu tusinayaa in aay kor ugu kacday 11 buundo. Halka MAP na uu saadaaliyay in aay kor ugu kici doonto 4 buundadood inta u dhaxeysa deeyrta iyo xagaaga- waxaay sarra ugu kacday halkii laga filaayay 7 bundadood! Xagga midigta ah barseenteejkeega ayaa lagu taxay. Deeyrtii 2015, Alihandra waxaay ka sara martay boqolkiiba soddon(30) canug ee jooga Mareeykanka oo da'deeda ah. Xagaagani, waxaay ka sarra martay boqolkiiba

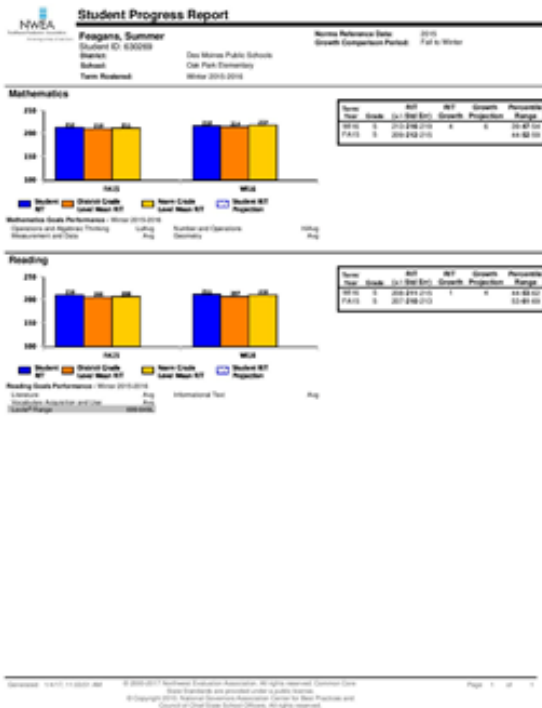

47 canug oo mareeykan ah oo da'deeda ah.

Ugu dambeeyn, khariidad hoose waxaay ku tusineysaa waxxa uu sameeynayo canugaaga hadda si uu ku gaaro hadafkiisa.

**Mathematics Goals Performance - Winter 2015-2016**

|                                   |     |                             |       |
|-----------------------------------|-----|-----------------------------|-------|
| Operations and Algebraic Thinking | Avg | The Real and Complex Number | Avg   |
| Geometry                          | Avg | Systems                     | LoAvg |
|                                   |     | Statistics and Probability  |       |

Alihandra dhexdaxaad ayaay ku tahay casharada Operations iyo Algebraic Thinking, Geometry, iyo Real iyo Complex Number Systems. Natijadeeda xagga statistics iyo probability waay hooseysaa.

Waad isticmaali kartaa sidii hadda aan kuu sheegnay marka aad akhrineysid warbixinta horumarka canugaaga.

Kobaca canugaaga haddana waa la eegi doonaa gu'ga( spring). Annaga oo ku siineeyna warbixin dheeraad ah halka uu canuugaaga ku fiicanyahay iyo halka aay ugu baahanyihiin caawin dheeraad ah.

Haddii aad dooneysid warbixin dheeraad ah oo la xariirta imtixaanka MAP, fadlan booqo website kan [dmschools.org/maptest](http://dmschools.org/maptest)
