

Panorama Social-Emotional Learning Survey

Frequently Asked Questions:

1. How much time should we budget for student surveys?
 - We recommend budgeting approximately 30 minutes, which includes time for reading instructions and ensuring students log in, in addition to survey-taking.
2. Are survey responses saved partway through the survey?
 - Responses are saved when the blue *Submit* button is selected. Otherwise, the student will have to start over if they exit out of the survey window before submitting.
3. What if someone submitted a survey or a browser crashed before surveys were completed?
 - If the “Thank you” screen did not appear, the respondent should retake the survey.
4. What if a student’s ID/access code doesn’t work?
 - Send the student’s name, ID number, and brief description of the problem to [mailto:support+desmoines@panoramaed.com?subject=Help Ticket](mailto:support+desmoines@panoramaed.com?subject=Help%20Ticket)
5. What devices can surveys be taken on?
 - Panorama surveys can be taken on any device with an internet browser, including laptops, Chromebooks, tablets, iPads, and smartphones.
6. What accommodations should we give students to take this survey?
 - We recommend giving students the same accommodations they would have in the classroom. At a minimum, teachers should provide the same accommodations for students with disabilities or English Language Learners that they are eligible for when taking state or district assessments.
7. What should I consider when finding time for my school to take the survey?
 - Consider what other events may be going on in the school – testing, assemblies, field trips when selecting a day. Also consider where students will take their online survey – they may take their surveys in class if there are enough computers in the classroom to accommodate them, but you may need to schedule time in the computer lab as well.
